**ABOUT US**

Building the security backbone of modern facilities.

EVASTAFF supplies, designs and supports professional security systems — CCTV, fire detection, access control, video intercom and network infrastructure — for commercial, industrial and residential projects across Romania. Registered company, headquartered in Bucharest — Pipera.

MANUFACTURER PARTNERS

- **Certified Portfolio**

Every product listed carries current CE / EN 54 / ONVIF certification, sourced through authorised EU distribution.

- **Single-Source Integration**

CCTV, fire, access, intercom and network infrastructure specified, supplied and supported by one technical team.

- **Engineering Support**

Pre-sales system design, BOM preparation and on-site commissioning across Romania and the wider EU.

- **Annual Refresh**

This catalog is rebuilt every year on the same template — new models replace outdated ones without disrupting your workflow.

**CONTENTS**

Table of Contents

01	CCTV Systems	Intelligent video surveillance for every environment	04
02	Fire Detection & Alarm	EN 54 certified life-safety systems	15
03	Access Control	Biometric & credential-based entry management	27
04	Video Intercom	Residential & commercial door entry	38
05	Networking	The backbone of every security installation	43
06	Accessories	Mounting, power & infrastructure essentials	48
